

## Statement of Interest

McMaster University  
Graduate Students Association

To whom it may concern,

My name is Jing Zheng, a first-year MBA candidate. It will be a great honor to have this opportunity to work with outstanding peers and organize excellent students' events. I have rich experience working with people from different areas and participating in students' affairs. I believe that my experience and skills enable me to positively support graduate students at GSA.

I am currently working as a business analyst at RBC and have over 2-year work experience as a product operation manager at ByteDance. These two work experiences have provided me with abundant opportunities to initiate and manage new projects and communicate with stakeholders from different departments, which extremely improved my organizational and management skills. In addition to professional experience, I am keen on participating in student associations. I am the VP of Marketing & Communications at the MBA Operations Management club at McMaster University and worked as the department senator at the Graduate Students Association at the University of Southern California. It is worthwhile to communicate with peers and empower students. I hope that I will have this opportunity to join GSA to push for more positive changes.

Thank you for your time and consideration, and I look forward to working with you in the upcoming year.

Best Regards,  
Jing Zheng
