

Dear Donor,

I am writing to express my deepest gratitude for the opportunity you have given me through the 2022-23 Spring/Summer GSA Travel Assistance Scholarship. I am profoundly thankful for your generosity and commitment to fostering educational experiences that transcend borders.

Who am I?...

My name is Mitra Tavakkoli, and I am currently a third-year Ph.D. candidate in Electrical and Computer Engineering at McMaster University. The opportunity to study in an immersive environment at the Spinoza Centre in Amsterdam is an exceptional honour that I am grateful to have been afforded.

My accomplishments...

I have had my research work recognized at prestigious international conferences like ESMRMB and ISMRM. My goal is to drive significant advancements in the field of Magnetic Resonance Imaging (MRI), particularly focusing on MRI reconstruction using Deep Learning. I am confident that my time at the Spinoza Centre will significantly contribute to my knowledge and understanding, enabling me to make substantial contributions in the future. It is my aim to develop innovative solutions and ideas that will not only add to the body of knowledge in my field, but will also be beneficial for our society as a whole.

My aspirations...

The scholarship you've provided will further empower my aspirations, enhancing my educational journey and facilitating personal growth through exposure to diverse perspectives. Your support is indeed leaving an invaluable mark on my future.

Thank you once more for your generosity and the faith you have placed in me.

Kind regards,

Mitra Tavakkoli

**Thank you for
your generous support of
McMaster Students**
