**Caution:** External email.

Good Morning Ashley,

My estimate for 2025 is \$18k plus our 7% technology fee. Our tech fee rates went up last year to 10% but we only charged 7% last year as I discounted it to keep costs lower.

Also, our 2024 invoices have been unpaid for a while now. I understand that there was an issue with the payments system but if these can please be settled soon, I would appreciate it.

Any questions, please let me know. The \$18k estimate is in line with the amount invoiced for 2024 based on our efforts for the audit last year. I have kept it the same for this year.

Thank you

Ash
